

IN THE SPECIFICATION:

Please replace the paragraph starting on page 10, line 19 with the following:

Respective further aspects of the present invention provide a software controller and a licence management server of a licence management system as hereinbefore described. Respective additional aspects of the invention provide computer programs for implementing such software controllers and licence management servers. In addition, in general where features are described herein with reference to apparatus embodying the invention, corresponding features may be provided in a method embodying the invention, and vice versa.
